

Huber Work Release Information

If you already have a job we want to make sure that you don't lose your job so planning ahead and cooperating with us should minimize any work problems. You will be required to stay in at least 24hrs before being released for work. You can review the additional [Huber Rules](#) which will be reviewed when you report to jail and require your signature at that time.

You and your employer have to fill out [the Jail Huber Employment Form](#). During orientation, the Huber officers will verify your employment records, issue your jail property, do drug screens, go over Huber rules and procedures, assign locker, dorm, bed assignments and answer any questions that you might have. After successfully completing your orientation, you will be allowed out to work (orientation can take between 1-3 days). If you claim that you are self employed, be prepared to bring in tax records showing that there is a business. This business must be listed in the phone book.

State statute dictates the amount of hours and days you can be out of the jail. You are not allowed out of the jail for more than 6 consecutive days in a row, more than 60hrs a week and no more than 12 hrs a day which includes travel time. Not allowed to work any Holidays! [Huber Weekly Work Schedule](#).

No drugs, alcohol or weapons are allowed in the building. All contraband will be confiscated.
