- A safety plan including hazards

*See Ordinance for full construction, modification, and abandonment plan requirements *

The undersigned hereby makes application for a permit to construct, modify, or abandon a manure storage facility on the property herein described. Work to be performed is described in the attached plan. Deviations from the plan must be reviewed and approved prior to construction. The undersigned agrees that all such work shall comply with all applicable standards outlined in the Langlade County Manure Storage Ordinance, other applicable County ordinances, and the laws and regulations of the State of Wisconsin.

Two working-days notice shall be given to the Land Conservation Department prior to commencing construction. Certification that construction was completed as planned, in writing, is due within 10 days of project completion. Activities authorized by permit must be completed within two years from the date of issuance.
