Duane Haakenson	Langlade County Land Records & Regulations
Chris Arrowood	Langlade Co Land Conservation
Tom Schmidt	Langlade Co FSA LCC Representative
David Solin	County Board Chairperson

1. Welcome and Introductions.

Ron Gallenberg began the meeting at 10:03 a.m. in the County Board Room of the Langlade County Safety Building. McKay welcomed everyone and noticing new people in attendance, asked everyone to introduce themselves and state their affiliation.

2. Review, revise, and prioritize plan goals.

Heider handed out a sheet of the draft goals & objectives. He noted that these goals & objectives began with the current LWRM Plan's goals & objectives, and then were revised per notes from Meeting #1 of the Advisory Group. After providing some time for review of the goals & objectives, Heider and McKay started reviewing some overall ideas as to why individual goals or objectives were created to begin a free-flowing discussion. The overall point of today is to verify with the Advisory Group if the goals and objectives were worded properly to capture how the County should direct resources toward solving/reacting to land and water issues of the County, and then to prioritize the goals. Group posed many questions and revisions to listed objectives. Heider asked each group member to prioritize each goal. After each member ranked goals, Heider tallied scores and announced priority order.

Heider and McKay thanked everyone for their participation today. Staff would begin work on revising the objectives per today's input. Heider informed the group that their recommendations would be given to Committee, but Committee has final approval, and a public hearing would follow the April or May Committee meeting.

8. Adjourned.

The meeting was adjourned at 11:20 a.m.
